

# Using Your Benefits In-Network

## WHY USE YOUR BENEFITS IN-NETWORK?

- By visiting an in-network dentist, you are guaranteed a properly licensed dentist that is required to charge an agreed upon fee - saving you money.
- In-network dentists are not allowed to charge you the difference between the agreed upon fee and the actual cost of the procedure - a practice called “Balance Billing,” that will commonly take place with an out-of-network dentist.
- Delta Dental reimburses the Participating Dentist directly, which means you are not required to pay the entire bill in advance and wait for reimbursement.
- All Delta Dental Participating Dentists file claims directly with Delta Dental, so you don’t have to.

## DELTA DENTAL NETWORKS:

**Delta Dental PPO™** - 66% of dentists in Kansas participate in the Delta Dental PPO network.

Dentists in the PPO network agree to deeper discounts than those in the Premier network, and depending on plan designs, patients may have lower out-of-pocket costs.

(Higher Savings Potential)

**Delta Dental Premier®** - 95% of dentists in Kansas participate in the Delta Dental Premier network - making it the largest dental network in Kansas.

Dentists in the Premier network also agree to a pre-negotiated fee.
