PARTNER PURCHASE PROGRAM

Garmin is pleased to offer your employees a discount on select Garmin products available on Garmin.com. Employees may purchase up to two Garmin products each calendar year at the discounted price.

Aviation and marine products, select premium products and subscription products are not eligible for discount — and newly introduced products will be excluded from discounts for the first 60 days following product announcement. Discount may not be combined with any other coupons, discounts, offers, promotions or rebates.

Program terms are subject to change. Products purchased are for personal use and may not be resold for more than the purchased price. Misuse may result in removal from the program.

HOW DOES IT WORK?

To get started, your employees must create an account using their company email address. After following the on-screen directions to activate their account, a confirmation email will be sent from Garmin. They should check their junk mail if the email does not arrive quickly.

This email contains a link to complete the account activation. Once activated, visit Garmin.com to log in and begin shopping. The discount will be visible on the product page for each eligible product.

Garmin's wide range of premium-quality devices means there's something for everyone. Shop now to take advantage of this exclusive offer and purchase Garmin products for all your favorite activities!
