

	3.1.2	SUPPORT PLANNING	Effective: 12/95 Revised: 09/11, 05/23; 08/25 Reviewed/Approved by Bd. Of Dir.: 08/26  Teddi Hernandez, President/CEO
---	-------	------------------	--

Policy Statement:

People supported by Lakemary Center (LMC) programs and contractors will receive appropriate and desired supports upon admission to LMC.

Policy:

Services, support and/or active treatment plans and person-centered support plans (PCSPs) are developed with information received prior to and during the referral process. PCSPs and treatment plans, recommendations, assessments-inventories, and reviews are completed upon entry into support and routinely during the course of services and support. All plans will address the person's choices for their life, their chosen goals and objectives, needs identified through the assessment process, and after speaking with the person, to determine their strengths, needs, support needs, and preferences.
